每个组别均设 ISF 金牌 1 枚。

每个组别均设 FIP 金牌 1 枚。

每个组别均设 DUNAV 金牌 1 枚，银牌 1 枚，铜牌 1 枚。

每个组别均设 PIPC 金牌 1 枚，银牌 1 枚，铜牌 1 枚及荣誉丝带 3 条。

每个组别均设主席推荐金奖 1 枚。

每个组别均设评委推荐银奖 3 枚。

每个组别均设 ISF 优秀奖 6 个。

每个组别均设优秀奖 10 个。

最佳俱乐部奖 2 个。

CONDITION /章程

The exhibition is open to anyone from the world. The exhibition is held by International Union of Photographers (IUP), with patronage of Photographic Society of America (PSA) and Image Sans Frontiere (ISF). It will be organized under the approved rules of IUP and PSA. All acceptances will count for IUP "Honor List", ISF distinction, PSA Star Rating and "Who's Who".

By virtue of submitting an entry, the entrant certifies the work as his own (aliases are not permitted). The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include low resolution posting on a website. Note: Entrants who indicate that their images may not be reproduced or used "will not be eligible for awards" or inclusion in audio-visuals of the exhibition "and could be subject to disqualification" by the exhibition sponsors.

The exhibition assumes no liability of any misuse of copyright. Images may be altered, either electronically or otherwise, by the maker. Artwork or computer graphics created by the entrant may be incorporated if the photographic content predominates subject to divisional restrictions. All final work must be on photographic film, or on electronic file, or on photographic or electronic print material, mounting excepted. There are no restrictions as to subject matter except as outlined in the rules and definitions of specific sections, or specified by law in the country where the exhibition is held.

Each image must have a unique title. Once an image has been accepted in a PSA Recognized exhibition, that same image, or a like "in camera" or a "reproduction" duplicate of that image:

- i. May not be re-entered in any section of the same Division Star Ratings class in that exhibition regardless of media, format, or title.
- ii. May not be re-titled for entry in any other PSA Recognized exhibition.

Words such as "Untitled" and "No Title" are not acceptable as part or all of an image's title, nor are camera capture filenames or titles consisting of only numbers.

No title or identification of the maker shall be visible anywhere on the face of an image, print mat or mount entered in a PSA Recognized exhibition.

All entrants must provide name and country data exactly the same in each exhibition entered to receive proper credit.

DEFINITIONS/定义

For PID Color, there is no restriction regarding the theme of photos. Images may be altered, either digitally or otherwise, by the maker and artwork or computer graphics created by the entrant may be incorporated if the photographic content predominates.

PSA definition of monochrome: An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of gray which can include pure black and pure white) OR it gives the impression of being a grayscale image that has been toned in one color across the entire image. (For example by Sepia, red, gold, etc.). A grayscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a Color Work.

PSA definition of travel: A Photo Travel image expresses the characteristic features or culture of a land as they are found naturally. There are no geographic limitations. Images from events or activities arranged specifically for photography, or of subjects directed or hired for photography are not appropriate. Close up pictures of people or objects must include features that provide information about the environment. Techniques that add, relocate, replace or remove any element of the original image, except by cropping, are not permitted. The only allowable adjustments are removal of dust or digital noise, restoration of the appearance of the original scene, and complete conversion to greyscale monochrome. Other derivations, including infrared, are not permitted. All allowed adjustments must appear natural.

PSA definition of nature: Nature photography is restricted to the use of the photographic process to depict all branches of natural history, except anthropology and archeology, in such a fashion that a well-informed person will be able to identify the subject material and certify its honest presentation. The story telling value of a photograph must be weighed more than the pictorial quality while maintaining high technical quality. Human elements shall not be present, except where those human elements are integral parts of the nature story such as nature subjects, like barn owls or storks, adapted to an environment modified by humans, or where those human elements are in situations depicting natural forces, like hurricanes or tidal waves. Scientific bands, scientific tags or radio collars on wild animals are permissible. Photographs of human created hybrid plants, cultivated plants, feral animals, domestic animals, or mounted specimens are ineligible, as is any form of manipulation that alters the truth of the photographic statement. No techniques that add, relocate, replace, or remove pictorial elements except by cropping are permitted. Techniques that enhance the presentation of the photograph without changing the nature story or the pictorial content, or without altering the content of the original scene, are permitted including HDR, focus stacking and dodging/burning. Techniques that remove elements added by the camera, such as dust spots, digital noise, and film scratches, are allowed. Stitched images are not permitted. All allowed adjustments must appear natural. Color images can be converted to greyscale monochrome. Infrared images, either direct-captures or derivations, are not allowed. Images used in Nature Photography competitions may be divided in two classes: Nature and Wildlife. Images entered in Nature sections meeting the Nature Photography Definition above can have landscapes, geologic formations, weather phenomena, and extant organisms as the primary subject matter. This includes images taken with the subjects in controlled conditions, such as zoos, game farms, botanical gardens, aquariums and any enclosure where the subjects are totally dependent on man for food. Images entered in Wildlife sections meeting the Nature Photography Definition above are further defined as one or more extant zoological or botanical organisms free and unrestrained in a natural or adopted habitat.

International Union Of Photographers

IUP is a global photographic society, voluntarily organized by photographers and related groups worldwide and legally registered in Hong Kong, representative office in the city of Guangzhou, People's Republic of China.

Taking the green aim of Environment, Peace and Life, it is a non-political, non-religious academic and professional organization, with its main mission to witness history, boost communication and spread the power in the international photographic world.

The sponsors of the international photographic exhibition has received the recognition by IUP. Everyone, no matter amateur or professional photographers worldwide who take part in the exhibitions of IUP patronage will be scored and ranked annually in IUP Honor List, titled with IUP distinctions HIUP, EIUP, MIUP, GAIUP.

For further information of IUP membership, "Trip China" exchange program and exhibition patronage, please contact:

E-mail: iupsecretary@163.com
Website: en.iupnet.com

The sponsors of this International Exhibition of Photography have been awarded Recognition by PSA, the world's largest patron of international photographic exhibitions. PSA, although it has provided recognition, is neither a sponsor nor directly involved in the operation of this exhibition.

Valid acceptances received by PSA Members in recognized sections of this exhibition are eligible for PSA Star Ratings, listing in the world-wide PSA Who's Who of Photography and credited towards the PSA Distinctions of QPSA, PPSA, EPSA, MPSA, GMPSA, GMPSA/B, GMPSA/S, GMPSA/G, and GMPSA/P.

PSA is a non-profit organization promoting the advancement of photography in all its forms to novice, amateur and professional photographers worldwide.

For information on membership and the many services and activities of PSA, contact:
